K.V.V.S. COLLEGE OF SCIENCE AND TECHNOLOGY

K.V.V.S College of Science and Technology is a Self financing institution under the Management of Vanika Vaisya Educational and Employment Trust (VVE&E Trust), Thiruvananthapuram, affiliated to the University of Kerala. The College is located on a serene campus at Kaithaparambu, Adoor. This institution has shown incessant growth ever since its inception and is now entering its 30th academic year with excellent results including first and second ranks. The campus is well equipped with laboratories to inflame the students and staffs in academic and research functions. The institution thrives hard to impart the highest quality of instruction to our under graduate and post graduate students.

MISSION AND VISION

KVVS College of Science & Technology provides its students with the right balance of intellectual, psychological, moral and spiritual growth and ensure that its graduates have not only an advanced education and practical experience, but also are highly tuned to social needs and demands, cultural, moral and traditional values. The institution focuses on students to a high level of social, professional and humanitarian commitments contributing to national and global growth and welfare. The focus is on promoting academic excellence and personal growth, developing an ethical fabric for the new millennium and ensuring its graduates as global citizens of highest order with concern, responsibility and commitment beyond boundaries.

Our mission is to impart quality education with proficiency and human values. Our objective is to provide right ambience and opportunities for the students to develop themselves into creative, talented and competent professionals. It is our motto to promote research and management for the benefit of the society.

Curricular Framework and Credit System for the Four-Year Undergraduate Programme

The National Education Policy (NEP) 2020 (hereafter referred to as NEP or Policy) recognises that higher education plays an extremely important role in promoting human as well as societal well-being and in developing India as envisioned in its Constitution a democratic, just, socially conscious, cultured, and humane nation upholding liberty, equality, fraternity, and justice for all. It notes that "given the 21st century requirements, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals" and enable an individual to study one or more specialised areas of interest at a deep level, and also develop capabilities across a range of disciplines including sciences, social sciences, arts, humanities, languages, as well as professional, technical, and vocational subjects.

The NEP 2020 envisages the revision of the Choice Based Credit System (CBCS) for instilling innovation and flexibility. It also envisages setting up of facilitative norms for issues, such as credit transfer, equivalence, etc., and moving towards a criterion-based grading system that assesses student achievement based on the learning goals for each programme, and moving away from high-stakes examinations towards more continuous and comprehensive evaluation. The policy supports the establishment of an Academic Bank of Credit (ABC) which would digitally store the academic credits earned from various recognized HEIs so that the degrees from an HEI can be awarded taking into account the credits earned.

FYUGP

The new Curriculum Framework proposed by the Government of Kerala for the Four Year Undergraduate Programme (FYUGP) intends to provide opportunities that can enable the students to acquire competence in using digital technologies, computational methods, order statistics, data analytics, and other skills essential to participate in the knowledge economy. Guidelines for the foundation courses are also proposed. The UGC has also made it mandatory and circulated a Curricular Framework and Credit System for the Four-Year Undergraduate Programme, model course design with distribution of credits for all universities to adopt.

STRUCTURE OF FYUG PROGRAMMES

The knowledge economy demands a greater focus on science, digital/information technology, engineering and mathematics at all levels of education as the basic essential literacy for innovation. The new framework has provided an overall redesign strategy to be adaptable to the specific needs and context of the UG programme, allowing master trainers and stakeholders to follow a systematic and evidence-based approach to curriculum transformation. It emphasises stakeholder engagement, alignment with the learning outcomes, ongoing assessment, and a commitment to quality assurance and continuous improvement.

Possible Programme pathway options available for the students

- 3-year UG Degree: Students who wish to exit after 3 years of a 4 year degree programme (then he) will be awarded UG Degree in the Major discipline after the successful completion of three years, securing specific number of credits (133 or above) and satisfying the minimum course requirement as given in tables.
- 4-year UG Degree (Honours): A four-year UG Honours degree in the major discipline will be awarded to those who complete a four-year degree programme with the specific number of credits (177 or above) and have satisfied the minimum course requirement as given in tables. Honours students not undertaking research project will do 3 courses for 12 credits in lieu of a research project / Dissertation.
- 4-year UG Degree (Honours with Research): Students who are highly motivated to opt research as their career can choose honours with research stream in the fourth year. The selection criteria for this stream can be as per the guidelines of UGC/respective universities. They should do a research project or dissertation under the guidance of a faculty member of the University/College. The research project/dissertation will be in the major discipline. The students who secure 177 credits, including 12 credits from a research project/dissertation, are awarded UG Degree (Honours with Research).

CURRICULAR STRUCTURE OF FYUGP

a) Foundation Components (4 major course baskets)

- Ability Enhancement courses (AEC)
- Skill Enhancement Courses (SEC)
- Value Addition Courses (VAC)
- Multi-disciplinary Courses (MDC)

b) Discipline Specific Pathway Components (Major/Minor)

- Discipline Specific Core Course (DSC) (Level 100-300)
- Discipline Specific Elective Courses (DSE) Level 300
- (DSC courses at Level 100 are for building the foundations)

c) Discipline Specific Capstone Components.

- Advanced DSC and DSE Courses (Level 400)
- Projects, field training internship, community activity etc
- (Any programmes to promote experiential learning)

UG HONOURS PROGRAMMES

BSc BOTANY AND BIOTECHNOLOGY /Honours/ Honours with Research

It is a double major programme offering 4 or 3 years BSc Honour's /Degree in both Botany & Biotechnology. At the intersection of two fascinating disciplines, this programme offers an enriching academic journey tailored to prepare you for a diverse range of career opportunities in science, research, healthcare and beyond. PG programme that can be taken after completing this double major degree are, MSc degree in Botany, Biotechnology, microbiology, Food technology, Environmental science, Bioinformatics etc. The aspirants also get a chance to do research work in various fields of biological science. After the completion of these courses 100's of jobs in various government and private departments are awaiting. Which includes medical, agricultural, scientists, Education, Rubber board, plantation corporation etc and various PSC and UPSC Jobs

Duration : Maximum Duration 4 years (8 Semesters)

**Eligibility : Plus Two/VHSE/THSE/ Equivalent
with Biology as one of the subjects.**

BCA/Honours/ Honours with Research (Approved by AICTE)

The Four-Year Bachelor of Computer Applications (BCA) program equips students with a strong foundation in computer applications, programming languages, and software development methodologies through hands-on projects and internships, students gain valuable industry exposure, enhancing their problem-solving and analytical skills. The program covers a wide range of subjects including computer programming, data structures, algorithms, database management, web development, and software engineering. Additionally, students receive training in emerging technologies as electives like Web Development, artificial intelligence, machine learning, and cyber security, ensuring they stay abreast of industry trends. With state-of-the-art facilities and experienced faculty, the BCA program fosters holistic development, preparing students for rewarding careers IT sector.

Duration : Maximum Duration 4 years (8 Semesters)

Eligibility : A pass in Higher Secondary or any other examination recognized as equivalent thereto by the University of Kerala with Computer Science/ Computer Application/ Mathematics/ Informatics practices (IP) as one of the optional subjects.

B.Sc Computer Science/ Honours/ Honours with Research

The four-year Undergraduate Computer Science (BSc Computer Science) Programme equips a learner for a thriving career in the IT sector. This programme provides a strong foundation in Computer Science fundamentals, covering areas such as programming languages, data structures and algorithms, operating systems, networks and databases. The learner will delve into theoretical concepts alongside practical applications, gaining expertise in specialized domains, a few being, Software Development, Web Development, Cyber Security, Data Science, Machine Learning, Health Computing and so forth.

Duration : Maximum Duration 4 years
(8 Semesters)

Eligibility : A pass in Higher Secondary (Science stream) or any other examination recognized as equivalent thereto by the University of Kerala with Computer Science /Computer Applications / Mathematics as one of the optional subjects.

What next after this course

Data science

Training in data science is relevant to many job titles, including statistician, computer systems analyst, software developer, database administrator, and computer network analyst, data scientist, data analyst, data engineer, and data manager.

Cybersecurity

Security Architect, cloud security practitioner, penetration tester

Machine Learning

Engineer, Data Scientist, NLP Scientist, Business Intelligence Developer, Computer Vision Engineer

BCom in Business Information Systems/ Honours / BCom BIS Honours with Research.

BCom in Business Information Systems/ Honours/ Honours with research is a four undergraduate degree programme that focuses on the integration of business principles with information technology. This programme is designed to prepare students for roles that involve managing and utilizing information systems to enhance business operations, decision-making, and strategic planning.

Duration : Maximum Duration 4 years
(8 Semesters)

Eligibility : Plus Two/VHSE/THSE/
Equivalent with Commerce as
one of the subjects with a minimum
of 45% aggregate marks.

PG PROGRAMMES OFFERED

ABCD PROGRAMME

Activity Based Career Development (ABCD) Programme is a new system of pedagogy which we introduced in our institution since 2021. The main aim of this scheme is to train and motivate the students through various activity related programmes conducted in and outside the campus. Some of the programmes under ABCD are listed below.

- a) ADD ON PROGRAMMES
- b) WALK WITH SCHOLAR
- c) WALK WITH ALUMNI

a) ADD ON PROGRAMMES

It is a unique scheme of UGC to add on skills and increase the employability and entrepreneurship for students pursuing conventional programmes. So we designed some of the job oriented programmes which help to equip the students to face the emerging challenges in the job markets. They are listed below

Sl No	Name of Dept	Course Name	Proposed number of Seats
1	B. Com Tourism & Travel Management	DIPLOMA IN AIRPORT MANAGEMENT AND GROUND HANDLING	60
2	B. Sc Computer Science	Diploma in R Programming	60
3	BBA	DIPLOMA IN LOGISTICS AND SUPPLY CHAIN MANAGEMENT	60
4	COMMERCE	Diploma in Tally & Professional Accounting with GST	60
5	BSc. BOTANY & BIOTECHNOLOGY	Diploma in Medical coding	40

b) WALK WITH SCHOLAR

This is another scheme we practice under ABCD programme. The scheme introduces the idea of mentoring and is based on the concept of mentor as a 'Guide' and 'Friend'. For that we offer our students an access from experts in various industries in and outside the campus.

c) WALK WITH ALUMNI

Our institution has around 30 years of excellence in academics, so we have a large number of alumni around the globe. So we utilize this resource for building confidence and aspirations in the mind of our students.

SCHOLARSHIPS

VVE&E Trust introduces scholarships for the meritorious students admitted for Science subjects for the academic year 2023-2024 as per the following criteria:

Students who secured 80% and above marks in the qualifying examination will be awarded A.C.Thanu Memorial Scholarships of Rs.1000.00 for the first semester and will be extended to all semesters if he/she secure 80% or more in each respective semesters

WHAT MAKES US THE BEST

WiFi CAMPUS

The entire campus is WiFi enabled with a high speed internet connection to allow the students to access the internet. The coverage of WiFi is not only restricted to class rooms but also extends to all the areas in the campus. All the data browsed by students are regularly monitored and controlled.

DIGITAL CLASS ROOMS

The digital class rooms refers to the "technology enabled" class room where student learning and interaction with the instructor and peers is fully supported through strategic use of information and communication technologies.

LIBRARY

We have fully digitalized library with E-Resource Facilities. It has an abundant collection of text books, reference books in all branches of Science, technology, Management, general studies and literature. The library has a periodical section and it provides regularly national and international journals, newsletter etc. from various organizations and societies for the staff and the students to acquire latest information on education, technical research and development activities respectively.

LABORATORIES

The College has well equipped AC Laboratories for Electronics, Computer Science and Biotechnology departments with most modern facilities. The labs have facilities for the development of project works and research in UG and PG courses.

FACULTIES

A team of dedicated and experienced faculties handle the classes and academic matters. They also direct and monitor the overall performance of the students.

PROJECT DEVELOPMENT AND RESEARCH

Advanced facilities are available for developing academic projects and research to expose the talents of students by developing various innovative project in the College.

PLACEMENT CELL

The Placement Cell of our College has an excellent track record in placing our students at reputed organizations. The major activities of the cell are:

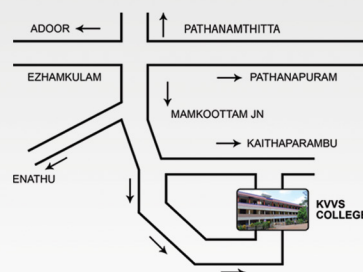

- Co-operating with reputed companies for campus placement.
- Arranging talks by eminent personalities on personality development and leadership qualities.
- Providing the best arrangements and hospitality for the visiting teams from companies.

TRANSPORTATION

A full fledged transportation department functions in the college with buses to provide transport facility to students and staffs from Enathu, Adoor, Ezhamkulam, Pathanapuram, Chandanapally and near by places. Students can make use of the college bus for their transportation.

HOSTEL

Accommodation is provided for girl students in the College hostel which is situated in the campus itself. The hostel has its own rules and regulations which will be issued by the resident warden. Hostel and mess are run by College management under the guidance of Principal and Administrative Officer. Mess charges are collected on the basis of dividing system.

EXTRA CURRICULAR AND CO CURRICULAR ACTIVITIES

ARTS & SPORTS CLUB

KVVS College of Science & Technology is giving due importance to the cultural activities along with the academic subjects for the all round development of students. There is an Arts & Sports Club to organize variety of entertainments and to conduct various cultural and literary competitions in connection with the sports day, College day and other important functions. Respective Secretaries and Staff Advisors will be in charge of these club activities. The Arts Festival is conducted by the Students' Council during every year. The students who are winning prizes in the Sports and Arts festival will be sent to University level competitions.

NATIONAL SERVICE SCHEME (N.S.S)

National Service Scheme is the third dimension of Higher Education. The aim of N.S.S. is to develop the personality of youths through socio-academic activities outside the campus which means taking the campus to community.

PTA

The Parent Teacher Association is formed with a view to maintain effective interaction between the College and parents. It has a motive of maintaining discipline and academic excellence in the College. Periodical meetings of the PTA will help for the smooth functioning of all academic and non academic matters in the College. The PTA of the College is very active and is giving considerable assistance for the improvement of the College.

STUDY TOUR

Study tours are conducted by the College as part of the academic programme. It should be done only with the participation of teachers and prior permission of the class teacher, HOD and Principal.

COLLEGE MAGAZINE

With an aim to develop writing skill and other artistic/creative skills of the student, a College Magazine is published every year. This provides an opportunity to the students to showcase their literary skills to the world outside and among their social group. The publication of the College Magazine will be entrusted with an Editorial Board.

WOMEN'S CELL AND COUNSELLING CENTRE

A women's cell is actively working in the College. The Women's cell undertakes activities and programmes exclusive for women empowerment. The College has a Counselling Centre to help the students to overcome their problems. Since the students are from different culture, religion, language and financial backgrounds, some students may need counselling to develop themselves. The Counselling Centre is a Student Support Service intended to help students to adapt and make the best of their learning environment. It is common knowledge that when the students have problems that are unsolved, it reflects in their attendance, academic performance and ultimately with their personality development.

ASSOCIATIONS

Electronic Association, IT Club, Tourism Club, Commerce Association, Literary club etc. are functioning in the College. They equip students to acquire more knowledge in the current development in the corresponding fields and exploit the opportunities to develop the career of the students. The association conducts industrial visit to prominent industrial places, thus enabling the students to listen to various industrial processes and to develop knowledge about industrial standards and to make them into challenging professionals. The Association work promises the students high employability in the competitive industry and help them to face many challenges.

ANTI-RAGGING CELL

Anti-Ragging Cell of our college assures that KVVS College of Science and Technology campus is a Ragging free campus. Anti-Ragging Committee is constituted in this college to prevent ragging and to take anti-ragging measures as per the guide lines issued by the Supreme Court of India and UGC. The Anti-ragging committee in our institution takes care to prevent all the ragging cases in the college premises.

The Students must submit the prescribed application form to the College on or before the last date. Log on to: www.kvvsct.org for online booking. The students must attend the interview with parent and essential documents as mentioned below:

DOCUMENTS REQUIRED FOR ADMISSION

- 1) Mark list of 10th standard
- 2) Mark list of Plus Two
- 3) Degree certificate (for PG Admission)
- 4) TC and Conduct Certificate from the institution last attended
- 5) Passport size photograph (5 Nos.)
- 6) Additional Documents for under mentioned courses

Course	Certificates
VHSE	Trade certificate
CBSE	Pass certificate and migration certificate
HSE (Other than Kerala)	Migration certificate, Eligibility certificate from the university of Kerala & Pass certificate if any.
ICSE	Pass certificate and migration certificate
Open School	Provisional certificate, migration certificate, Pass Certificate & Eligibility certificate from the University of Kerala
7) Certificate required for reserved Communities	
SC/ST	Caste certificate and Income certificate from Govt. Authorities
Vanika Vaisya	Certificate from the respective KVV S branch & Dist. Committees.

Note : Students who are eligible for getting grace marks for NSS/NCC/Service/Ex- service should attach the respective document along with the application.

All students should submit two copies of each documents.

HOW TO APPLY ?

- Application form for admission can be had from the office of the college directly on payment of Rs.300.00 by cash. (Rs. 200/- for SC/ST candidates)
 - Single application is sufficient for all programmes.
 - Fee can be remitted through online and offline
 - Admission form can also be downloaded from our website : www.kvvcst.org. by online payment
 - SB Account No : 11360100163885 of KVV S College of Science & technology, with Federal Bank Ltd., Parakode Branch IFSC Code : FDRL0001136.
 - Application fee once remitted shall not be refunded under any circumstance.
- Candidates awaiting results of the qualifying examinations are also eligible to apply.
However, application will be considered only after submitting the qualifying certificate.
